

N472 LIVESTOCK EXCLUSION

- ☐ A Vendor Input/ACH-EFT Application must be completed before a contract may be created. This form allows a 1099-G to be submitted to you at the end of the year. It also allows for your reimbursement to be sent to your account electronically once your project is completed.
- ☐ Purpose of practice is to prevent soil and plant resources from grazing by livestock.
- ☐ The area to be excluded will be protected from fire and grazing for the lifespan of the practice.
- ☐ The area where the practice will be installed must currently have livestock to qualify.
- ☐ The area excluded must have adequate boundary fence prior to installing exclusion fence.
- ☐ Cost share is authorized for exclusion fence that lies within an existing functional interior or property line fence.

- ☐ Receipts marked paid with the appropriate check number for supplies purchased must be submitted prior to the landowner being reimbursed.
- ☐ The maintenance life of the practice is 10 years.
- ☐ I certify that I have not started the practice. I understand that if I begin the practice before I receive official notification of approval from the district board I am not eligible to receive cost-share assistance for completing the practice.
- ☐ I understand that the district board of supervisors must approve any modification in the design of the practice. Failure on my part to request changes and obtain board approval of the changes may jeopardize my cost-share payment for the practice.
- ☐ I understand that I am not eligible to receive payment for installing the practice until it meets NRCS Standards and Specifications within Commission policy.
- ☐ Once claim has been signed and approved it will take approximately 4-6 weeks before the reimbursement is issued to your account.

I have read the above cost share policies and procedures and understand them. I assume full responsibility for all expenses incurred if I fail to follow these policies and procedure.
